SEPHI BERGERSON

PHOTOGRAPHER

Sephi Bergerson is a freelance photographer with over three decades of professional experience, based in India since 2002. Specialising in corporate and industrial photography, Sephi captures the rugged beauty of factory floors, production lines and underground mines, as well as high-tech corporate office environments. His documentary approach, honed through years of commercial studio work, blends photojournalistic integrity with a refined artistic touch to create visually compelling narratives.

Sephi excels at understanding a client's creative vision, delivering projects that are not only on time and on budget but also transformed by his unique use of light into striking masterpieces. He has produced high-profile photographic documentation for corporate giants such as Apple, Shell Oil, Godrej & Boyce, Safran Aerospace, Sandvik Mining, Cognizant, Ernst & Young (EY), and many others. Comfortable under pressure, he is an energetic and dedicated professional, committed to achieving excellence in every shot.

“Having commissioned Sephi for a recent shoot, not without its challenges, I can highly recommend him. Beautiful, sensitive and striking shots! Will definitely look to commission again.”

Jo O’leary

Creative Shoot Producer/Project Manager at SHELL
